

EDC Grangecastle Phase I & II

Dublin 24; January 2017

Details

Tech RAC were appointed by Winthrop Engineering Dublin as their Refrigeration Service Partner for this project in Grange Castle Dublin, with construction having commenced in October 2016.

The 18MW Site consisted of 65 no. Air Cooled Condensers positioned on the Roof of Datahall No. 2 & 4. The internal installation consisted of 130 no. Craic Units providing cooling for a large private American client.

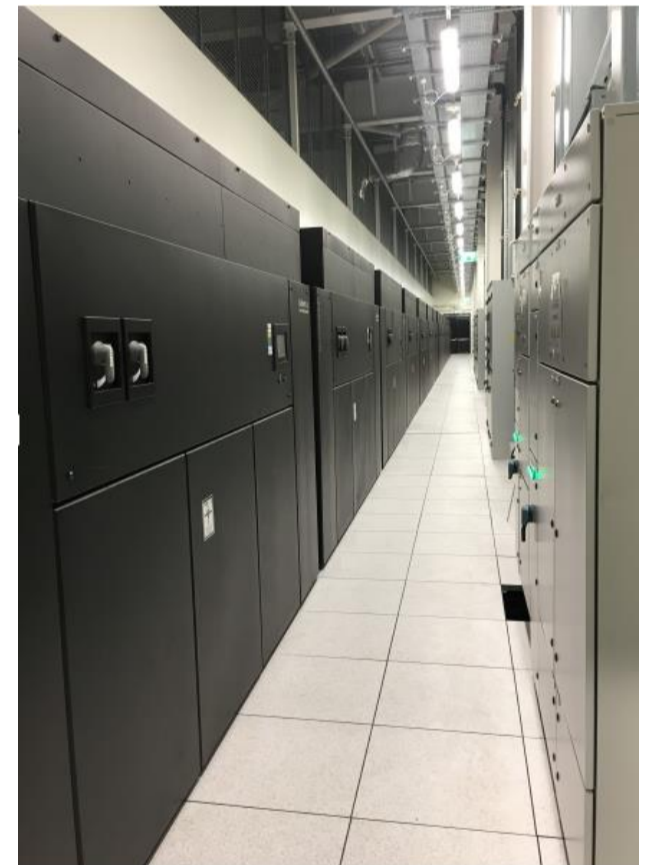

The overall project is being delivered over 2 Phases, with both Phases to be complete by mid 2017.

Phase 1: 8MW: Commenced in October 2016 and will be completed by June 2017

Phase 2: 10MW: Commenced January 2017 and will be completed by September 2017
