

Furla Kildare Village Outlets Kildare, August 2017

FURLA

PROJECT

Tech Refrigeration and Air Conditioning were appointed by Gruppo Speciale, London as their Air-Conditioning Installation Company in the newly re-located Furla store within the Kildare Village Outlet Center. The manufacturer and the product of choice in this instance was **Mitsubishi Electric** as per the design specification. The overall project was completed in conjunction with the fit-out company **Gruppo Speciale** during a timely manner in the summer of 2017.

SYSTEM

The new Store fit-out consisted of 1 No. 10kw 4-way cassette split system located on the ground floor retail area and also installation of a 14kw **Thermoscreen** Air-curtain to the main store entrance. A ventilation package was installed as part of the project with a heat recovery unit located in the first floor store room provided a fresh air supply to both the store room and the ground floor retail area.

The fresh air supply in the retail area was provided through the air-conditioning cassette unit and the fresh air supply to the first floor store room was tempered with an inline heater battery installed in the ductwork.

The installation consisted the following: **Mitsubishi** 14kw HP 2000R DXE Mr. Slim **Thermoscreen** Air Curtain located at the main entrance served by a PUAZ-P200YKA2. Standard Inverter located in the adjacent walkway. **Mitsubishi** 10kwPLA-SP100BA Cassette System located in the retail area served by a PUAZ-SP100YHA Standard Inverter located in the adjacent walkway. **Mitsubishi** LGH-65RVX-E **Lossnay** Heat recovery unit located in the store room at first floor level provides fresh air to both the first floor and the ground floor retail area.

CLIENT

Furla is an Italian luxury company that was created by the Furlanetto family in 1927. The company is currently a limited liability company, still owned by the Furlanetto family. Furla features Italian-designed products that range from handbags and shoes to accessories. Its headquarters are located in Bologna, in a historic 18th century villa; Furla has 5 subsidiaries in USA, France, Japan, China, and Korea. Furla currently exports to 71 countries. Its products are present in over 1000 retail sales outlets and 320 single brand boutiques, 156 of which are owned by the company and 164 are franchised.
